

List of Top Engineering Colleges in Pune 2023 Find Best Colleges

Top Engineering Colleges in Pune: Pune is one of the most famous and well-developed cities in Maharashtra and is also growing in popularity as an alternative to Mumbai. As it is well connected to all parts of the country and not as crowded as Mumbai is, this gives a clear alternative to Mumbai (a megacity) for persuading students to pursue a career in engineering-related trades after the 12th.

We have all of the requirements that students and parents need before admitting their children to any engineering college for B.Tech.

If you are looking for the best engineering colleges in Pune, then you have come to the right place.

We have researched a lot about the best engineering colleges in Pune and have come up with a list of the best ones. All the colleges have been ranked based on various factors such as academic performance, placement record, infrastructure, and so on.

Admission Process

NTA organized the exam biannually on an all-India basis, which is generally known as JEE Mains, and different state governments also organized their own exam for admission to their respected engineering colleges. Both the exam score and GPA are demanded at the time of admission to any college.

There are other exams specially conducted by the colleges themselves, mostly the private ones. In Pune, the state exam is the MHT CET, in which students need to appear for admission to the desired colleges in the city.
