

Class 10 Deleted Syllabus 2023 {30% Reduced Syllabus}

With the CBSE syllabus for 2023 reduced by 30%, check out the Class 10 Deleted Syllabus 2023 in various subjects below.

The Central Board of Secondary Education (CBSE) has announced the new syllabus for Class 10 students. Considering the students' convenience and time constraints, the board has reduced the syllabus by 30%.

The board has also decided to decrease the examination weightage from 60% to 40%. However, the Class X Board Examination will be conducted on internal and external levels.

After the Central Board of Secondary Education (CBSE) underwent a syllabus revision for the academic sessions, it has now come to light that 30% of the syllabus has been removed. The removed portions pertain to various subjects now deemed "irrelevant" by the board. Look at what is now deleted from the CBSE Class 10 syllabus in various subjects.

The following subjects will have some of their content removed from the syllabus:

Mathematics

Science

English

Hindi

Social Science

The specific topics that have been deleted will vary depending on the subject. However, some of the general topics that have been removed include:

Trigonometry
