

CLASS 10 CBSC DELETED SYLLABUS 2023-24

The Central Board of Secondary Education (CBSE) cut 30% of all subjects in the Class 10 syllabus for the 2023-24 session. The board has decided to retain the same changes for the current academic session. Due to a cut in the CBSE Class 10 syllabus, students will now have to read less syllabus than in previous years. The new CBSE syllabus for Class 10 not only reduces the burden on students but also promotes practical learning through various subject enrichment activities.

In this article, we have provided a subject-wise deleted syllabus for CBSE Class 10 which will be applicable for the current academic session (2023-24). By reading the CBSE Class 10 deleted syllabus, Class 10 students will be able to know the names of chapters and subjects that are not a part of the CBSE Class 10 syllabus 2023-24. While referring to old textbooks or previous years' question papers, students should keep in mind the deleted portion of the syllabus to avoid confusion. Being familiar with the CBSE Class 10 Deleted Syllabus 2023-24 will ensure that you do not read or prepare irrelevant material during your board exam preparation. Follow the latest editions of Class 10 textbooks and the new CBSE Class 10 syllabus to keep you updated with new syllabus details and stay on the right track during your CBSE Class 10 board exam 2023-24 preparation.

CLASS 10 CBSC DELETED SYLLABUS 2023-24

With the CBSE syllabus for 2023-024 reduced by 30%, check out the Class 10 Deleted Syllabus 2024 in various subjects below. The Central Board of Secondary Education (CBSE) has announced the new syllabus for Class 10 students. Considering the students' convenience and time constraints, the board has reduced the syllabus by 30%.

The board has also decided to decrease the examination weightage from 60% to 40%. However, the Class X Board Examination will be conducted on internal and external levels.

After the Central Board of Secondary Education (CBSE) underwent a syllabus revision for the academic sessions, it has now come to light that 30% of the syllabus has been removed. The removed portions pertain to various subjects now deemed "irrelevant" by the board. Look at what is now deleted from the CBSE Class 10 syllabus in various subjects.

CLASS 10 DELETED SYLLABUS 2023-24

Greetings! We are very glad to inform you that the syllabus for Class 10 has been modified. The syllabus is now available on our website (spinoneducation.com).

The deleted syllabus will not be assessed in the 2024 board exams. However, students are still expected to learn the material for internal assessments and for their overall understanding of the subject.

SCIENCE DELETED TOPICS – CLASS 10TH

CBSE has reduced the variety of subjects in Science under several units, which will help the students boost their studies and remove the burden of additional study.

Let us make the complete table below to get all the detailed information.

Unit

Topic Deleted/Reduced

Unit I: Chemical Substances -Nature and Behaviour

Metals and Non-metals: Basic Metallurgical processes; Corrosion and its prevention
Carbon and its Compounds: Nomenclature of carbon compounds containing functional groups, the difference between saturated and unsaturated hydrocarbons. Ethanol and Ethanoic acid (only properties and uses), soaps, and detergents. Chemical properties of carbon compounds (combustion, oxidation, and addition and substitution reaction).

Unit II: World of Living

Control and coordination in animals and plants: Tropic movements in plants; Introduction of plant hormones; Control and coordination in animals: Nervous system; Voluntary, involuntary, and reflex action; Chemical coordination: animal hormones.
Heredity and Evolution: Basic Concepts of Evolution

Unit III: Natural Phenomena

The Human Eye and the Colourful World: Functioning of a lens in the human eye, defects of vision and their corrections, applications of spherical mirrors and lenses.

Unit IV: Effects of Current

Magnetic Effects of Electric Current: Electric Generator, Direct current. Alternating current: frequency of AC. Advantage of AC over DC. Domestic electric circuits.

Unit V: Natural Resources

Sources of energy: Different forms of energy, conventional and non-conventional sources of energy: Fossil fuels, solar energy; biogas; wind, water, and tidal energy; Nuclear energy. Renewable versus non-renewable sources of Energy.

Internal Assessment

Management of natural resources: Conservation and judicious use of natural resources. Forest and wildlife; Coal and Petroleum conservation. Examples of people's participation in the conservation of natural resources. Big dams: advantages and limitations; alternatives, if any. Water harvesting. Sustainability of natural resources.

Unit

Topic Deleted/Reduced

UNIT I-NUMBER SYSTEMS

REAL NUMBERS

Euclid's division lemma

UNIT II-ALGEBRA

POLYNOMIALS

Statement and simple problems on division algorithm for polynomials with real coefficients.

PAIR OF LINEAR EQUATIONS IN TWO VARIABLES

cross multiplication method

QUADRATIC EQUATIONS

Situational problems based on equations reducible to quadratic equations

ARITHMETIC PROGRESSIONS

Application in solving daily life problems based on the sum to n terms

UNIT IV-GEOMETRY

TRIANGLES

Proof of the following theorems is deleted

The ratio of the areas of two similar triangles is equal to the ratio of the squares of their corresponding sides.

In a triangle, if the square on one side is equal to the sum of the squares on the other two sides, the angle opposite to the first side is a right angle.

CIRCLES

No deletion

CONSTRUCTIONS

Construction of a triangle similar to a given triangle.

UNIT V- TRIGONOMETRY

INTRODUCTION TO TRIGONOMETRY

Motivate the ratios, whichever are defined at 0° and 90°

TRIGONOMETRIC IDENTITIES

Trigonometric ratios of complementary angles

HEIGHTS AND DISTANCES

No deletion

UNIT VI-MENSURATION

AREAS RELATED TO CIRCLES

Problems with the central angle of 120°

SURFACE AREAS AND VOLUMES

Frustum of a cone

UNIT VI-STATISTICS & PROBABILITY

STATISTICS

Step Deviation Method for finding the mean
Cumulative Frequency graph

PROBABILITY

No deletion

SOCIAL SCIENCE DELETED TOPICS – CLASS 10TH

Social Science is the study of society. It is the systematic analysis of society's origin, development, organization, and functioning. The course of study is meant to develop an understanding of human society in all its dimensions, including social, cultural, political, and economic activities.

4. The change in focal length of an eye lens is caused by the action of the
(a) pupil. (b) retina.
(c) ciliary muscles. (d) iris.

5. A person needs a lens of power -6.5 dioptres for correcting his distant vision. For correcting his near vision he needs a lens of power $+1.5$ dioptre. What is the focal length of the lens required for correcting (i) distant vision, and (ii) near vision?

6. The far point of a myopic person is 80 cm in front of the eye. What is the nature and power of the lens required to correct the problem?

7. Make a diagram to show how hypermetropia is corrected. The near point of a hypermetropic eye is 1 m. What is the power of the lens required to correct this defect? Assume that the near point of the normal eye is 25 cm.

8. Why is a normal eye not able to see clearly the objects placed closer than 25 cm?

9. What happens to the image distance in the eye when we increase the distance of an object from the eye?

10. Why do stars twinkle?

11. Explain why the planets do not twinkle.

12. Why does the sun appear reddish early in the morning? Deleted

13. Why does the sky appear dark instead of blue to an astronaut?

Follow the Below provided many removed topics of Social Science under multiple units. One needs to check the below table and grab all the deleted/reduced topics from the table.

SOCIAL SCIENCE DELETED TOPICS – CLASS 10TH

Unit	Topic Deleted/Reduced
UNIT 1: INDIA AND THE CONTEMPORARY WORLD –II (HISTORY)	
Section 2: Livelihoods, Economies, and Societies	
NOTE-ANY ONE OUT OF THESE TWO CHAPTERS (CH-3/CH4) Chapter 3: The Making of a Global World Chapter 4: The Age of Industrialisation	The chosen Chapter will be assessed in the Periodic Tests and not in Board Examination.
Section 3: Everyday Life, Culture, and Politics	
Chapter 5: Print Culture and the Modern World	Complete Chapter
UNIT 2: CONTEMPORARY INDIA –II (GEOGRAPHY)	
Chapter 2: Forest and Wildlife	Complete Chapter
Chapter 3: Water Resources	Complete the Chapter except for Map Items which will be assessed in the Examination
Chapter 5: Mineral and Energy Resources	Complete the Chapter except for Map Items which will be assessed in the Examination
UNIT 3: DEMOCRATIC POLITICS –II (POLITICAL SCIENCE)	
Chapter 3: Democracy and Diversity	Complete Chapter
Chapter 4: Gender, Religion, and Caste	Complete Chapter
Chapter 5: Popular Struggles and Movements	Complete Chapter
Chapter 8: Challenges to Democracy	Complete Chapter
